ORIENT DESIGN ELEMENTS

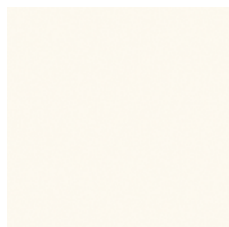

- Orient's romantic design elements include fret and lattice work found in classic Chinese Chippendale period styling.
 - Framework uniquely crafted from real bamboo cast in aluminum and then formed and recast to create an authentic design aesthetic with a rich, faux tortoise shell finish.
 - Built and finished like quality indoor furniture, but designed and engineered to perform beautifully for full-time outdoor exposure with routine maintenance. Durable, weather-resistant, multi-step powder coat finish.
 - Generously proportioned and scaled for the optimum resort-at-home or ultraluxe resort living experience.
 - Century's innovative Driluxe cushions on all seating are constructed of a water-repellent cover surrounding a high-resiliency foamcore and wrapped with 100% polyester fiber, which is compliant with CAL 117 flame retardant standards.
 - A superior selection of Sunbrella® brand performance fabrics to complement all collections are woven from 100% solution-dyed, UV stable acrylic fibers that resist fading, deterioration, and mildew.
 - Versatile product offerings for indoor or outdoor placement.
 - Travertine tabletops are crafted of a naturally porous sedimentary stone formed over millions of years by pressure exerted on layers of minerals beneath the earth's crust. Holes and crevices are formed by natural erosion from subterranean springs. The luxurious hue of these tabletops was chosen to complement the coloration of each finish in this collection. Travertine stone tops require only occasional cleaning and periodic application of a natural surface sealer.
 - Standard Orient frame finish: Tortoise Shell
 - Optional custom finishes: Cloud, Sky, Crimson, Meadow, Café, and Jet
-
