

CENTURY FURNITURE

Infinite Possibilities. Unlimited Attention.®

CenturyFurniture.com

was born in 1937 in Rowan County, North Carolina. Bob and his wife Kay make their home in Lexington, North Carolina, where Bob has a studio. Bob and Kay have three children and seven grandchildren. Selected honors include: the Albert Schwietzer medal for Artistry; the American Forestry Award; North Carolina Public Servant of the Year; the Iron Eyes Cody Award; and the Outstanding Alumnus Award from the University of North Carolina at Chapel Hill.

At the age of 33, Bob was encouraged by Andrew Wyeth to devote himself to painting full-time. His first three solo exhibitions at New York's Hammer Galleries were sold out days before their openings. He has held numerous solo museum exhibitions, including the North Carolina Museum of Art in Raleigh, the Corcoran Gallery in Washington, D.C., the Frye Museum in Seattle, and the Isetan Gallery in Tokyo. Bob designed both the North Carolina and South Carolina statehood stamps, and the commemorative postcard marking the bicentennial of the University of North Carolina at Chapel Hill.

In 1990, Bob launched a comprehensive furniture line based on his designs. *The World of Bob Timberlake®* furniture collection became one of the most successful line introductions in the history of the industry. Bob has also received some of the industry's highest awards for his designs.

Following the success of *The World of Bob Timberlake®*, Bob founded Bob Timberlake, Inc. Today, under his watchful vision, Bob Timberlake, Inc. licenses products in over 20 categories. With this success has emerged additional furniture collections, *Bob Timberlake Apparel* and the expansions of Bob Timberlake retail galleries in Lexington (established 1977) and Blowing Rock, North Carolina.

ith a painter's eye for detail and texture,

Bob Timberlake has used the huge palette, imagination, and capabilities that Century Furniture offers and created a collection that expands on his unique sensibilities and passion for all things comfortable. From the design to the craftsmanship, all ninety plus pieces in the initial launch with Century, showcase the casual elegance for which Bob Timberlake is known. It is a collection that continues to surprise in its range and scope.

As much storyteller as artist, each of Mr. Timberlake's pieces speak of the people, places and things in his life. From the Chadd's Ford Dining Table, named for the place that encouraged his career as an artist, to Kay's Chair, named for his wife and designed as a reading chair for a grandmother to read to her grandchildren, the Bob Timberlake Home Collection invites us into a lifestyle that is based on heritage, family and traditions

HERITAGE FINISH

The Heritage finish is a combination of multiple stages of hand distressing with a fifteen-step finishing process which together create a feeling of age, as if each piece were loved by generations of owners. Seasoned crafts people spend hours working over each piece of furniture to ensure that the distressing is authentic and natural. After the pieces have gone through distressing, the finishing process begins. The Heritage finish, a clear brown with earthy tones, requires 15 steps, each one worked into the one before, to bring out the depth and clarity in the wood. The final result is a breathtaking piece of furniture that will add warmth and beauty to your home.

VINTAGE DISTRESSING

Vintage Distressing is an option for almost every piece in Bob Timberlake Home. As seen in the table detail above, Vintage distressing entails extra steps of physical distressing done to the piece of furniture. We achieve this look through a particularly difficult and physical type of distressing, hand planing. Our artisans work for hours to achieve this deeply worn and aged feel. Vintage distressing is shown here with the Heritage finish, but it can be specified with any of Century's finish options on Bob Timberlake Home pieces.
